Professional Experience

Research Assistant, *Syracuse University Department of Psychology*   2019 —— 2021

Conducted laboratory data collection, directing behavioral tasks and questionnaires, with research subjects to determine effects of experimental pain induction on alcohol urge, intention to consume alcohol, and alcohol demand. Used a novel capsaicin-heat model intended to approximate key features of clinical pain. Independently completed qualitative analysis of collected data using Microsoft Excel. Independently recruited 40+ test subjects, regulating enrollment with SONA Systems subject recruitment.

Technology Assistant, *Syracuse University Department of Psychology*   2020 —— 2021

Performed troubleshooting and problem resolution for end-user application software, hardware, and remote access connectivity for over 100+ personal computers. Performed software updates. Ensured all purchased software was in compliance with licensing requirements. Trained users in PC hardware/software and networks.

Food Services Worker, *Syracuse University Dining Services*   2020 —— 2021

Collaborated with Food Recovery Network to plan actionable solutions for minimizing food waste from all SU dining halls. Packaged and delivered leftover food to local social wellness agencies such as homeless shelters, transitional housing organizations, and children's programs with Food Recovery Network. Consistently prepared food in compliance with recipes, portioning, and waste control guidelines for 1000+ students daily.

Social Chair, *Phi Sigma Pi (Syracuse University Chapter)*   2020 —— 2021

Elected by organization of 100+ people to execute team-building and bonding events, as well as mixers with other professional and social sororities and fraternities. Led a committee of 10 individuals dedicated towards improving and maintaining excellent relationships with the Greek community on campus. Managed a budget of $5,000 each semester.
